

Pirates of the Caribbean

On a recent swashbuckling tour, with "Pirates of the Caribbean" look-alikes, to Dean Castle and on to Culzean Castle for a professional photo-shoot, we were joined by Captain Jacksparrow and his pirate wenches.

Members of the public were thrilled at having the opportunity to meet and be photographed with Captain Jack and his motley crew.

The Go-Go Bus was delighted to provide this tour, and we look forward to sailing on the high seas once again with our pirate friends.

George thank you so much for your patience with my guests.... I never anticipated smoking breaks, or the texas pace of life!"!!!

We had an absolute blast and I am happy to include any recommendation on your site you wish, and maybe even an interesting poic or two!!!

Please let me know what I owe you and I shall clear the account by return. My grateful thanks for your attention and services...

Best Wishes Cherylxxxx - aka MangyMoll!!!
