

From Bill and Lisa

George: Both Lisa and I wish to thank you for the wonderful visit we had in Largs. We did not feel like we were travelers, but that we were visiting with a family friend. Your assistance made our brief visit the highlight of our trip, being able to see so many of the areas that we had only heard about from my father. If we ever have any friends that are planning on visiting that area, we will certainly recommend your services. Both Lisa and I would like to wish you a Merry Christmas and a Good New Year. Please remember that if you ever visit south Florida, you have a guide and home to stay in. Keep well and again thank you.
